

SEPHRA® BFA19-76 Beverage Fountain

Beverage fountains have become an elegant way of serving your guests soft refreshing drinks at functions. An exuberant centre piece to any event capable of serving drinks such as punch, pimm's, champagne, cocktails, baileys - so long as there is no debris such as fruit pulp, all drinks will flow freely.

Beverage fountains are an effective way of keeping the drinks flowing at your event without the huge bill. As the drink cascades down the spouts and then finally into your guests glass, everyone will be pleased at your event.
